## HAYBRIDGE HALL, HAYBRIDGE, TELFORD

Cyril Orchard Group were employed as CDM Co-ordinators on the Haybridge Hall Construction project.

The works included a new community centre together with 5 No new flats on the existing grounds of the Haybridge Hall site. The site is surrounded by residential properties occupied by elderly residents.

Due to the location of the new buildings and the surrounding areas with the existing hall still being used on a daily basis, health and safety considerations were of paramount importance.
