Cyril Orchard Group have been engaged by The Creative Foundation since 2006 and have provided building and quantity surveying services among a range of other professional services.

We have been involved with over 20 refurbishment projects providing both residential and commercial facilities within the existing structures.

The Creative Foundation have been fundamental in the redevelopment of these run down areas of Folkestone and will continue to develop the Creative Quarter providing accommodation for local artists and creative related services.

The images detailed are just some of the successfully developed buildings included in the renovation of the area provided by the Cyril Orchard Group.
